

#	Original game converted to, from or for game	Original game manufacturer	Model	CP # (if multiple)	Status	Net CP price	Net shipping cost	Box	Notes
1	Asteroids	Atari	Upright	1	Available	\$12	\$25	custom	Just a bare panel. All parts have been stripped. Picture shows with parts, but THERE ARE NO PARTS!. CP art looks pretty good except for big "J" on lower right. There is a small bend in the CP at the top edge, about 7" from the left edge. This can probably be bent back. 24"x14"x16"
2	Asteroids	Atari	Upright	3	Available	\$27	\$25	custom	Wiring looks complete with connector. Buttons wrong. One button missing. One button skirt missing. Fair amount of rust. Art on CP not horrible, but not great. 24"x14"x16"
3	Asteroids	Atari	Upright	4	Available	\$21	\$25	custom	Looks complete with all controls, wiring and connectors. Wood block attacked in inside back. Stock? I doubt it, but it looks ok. CP very dirty, but CP art not horrible (not great either). Good amount of rust in black areas of CP. I think most of the dirt on the CP art will clean up. 24"x14"x16"
4	Asteroids Deluxe	Atari	Upright	1	Available	\$24	\$19	C3	CPO has some cig burns, but not too bad. All wiring with connector present and uncut. Both start buttons are vandalised. One is wrong color.
5	Asteroids Deluxe	Atari	Cocktail		Available	\$40	\$19	A1	Complete with all wiring and connectors. One wire to button connection broken off on tab of wire solder point to button. If sold separately, \$24 for better, \$18 for worse (difference being wear on CPO in bend of CP.
6	Black Widow	Atari	Upright	1	Available	\$167	\$22	H8	Hacked CP to include a track ball for Quantum and spinner for Major Havoc. Two 4" joysticks.
7	Buck Rogers Planet Of Zoom	Sega	Upright		Available	\$26	\$27	custom	Looks 100% complete, all controls, wiring and connector. CPO very nice, just some cracking at the bend of the CP. 24"x16"x10"
8	Carnival	Gremlin/Sega	Upright		Available	\$25	\$16	wrap	Looks complete with all controls,wiring and connector. CPO on top pretty good, some gunk on left side that might clean up. CPO after bend in CP has a large spot that is torn away.

#	Original game converted to, from or for game	Original game manufacturer	Model	CP # (if multiple)	Status	Net CP price	Net shipping cost	Box	Notes
9	Centipede converted to Ajax (Konami)	Atari	Upright		Available	\$44	\$20	C3	4 white, 2 red, 2 blue buttons, 4-way leaf switch joystick, wiring present complete but connector cut 1 button nut missing. I think it's a 4" joystick (NO GUARANTEE!), but measures approximately 3.75" from bottom of ball to bottom of stick. Price based on joystick and buttons.
10	Convert-a-Game converted to (unknown)	Sega	Upright		Available	\$16	\$17	B2	Complete, all controls, wiring and connector. Joystick self-centers, Sega Convert-a-Game style metal CP with Willis Asteroids Deluxe CPO applied (but not right configuration for Asteroids Deluxe game).
11	Cyber Sled	Namco	Upright		Available	\$3	\$9	A1	CPO's have some wear. CP insert metal between the main CP's.
12	Cyber Sled	Namco	Upright		Available	\$45	\$21	custom	2 joystick CP. No CPO. Price based on joysticks. Will part out to reduce shipping. Wiring, connectors, speakers present. 16"x15"x14"
13	Deluxe Space Invaders	Bally/Midway	Upright	1	Available	\$11	\$16	I9	CPO has wrong color buttons. Wiring with connector present, but there are some loose wiring that will need to be soldered back on leaf switches. 25"x9"x4"
14	Deluxe Space Invaders	Bally/Midway	Upright	2	Available	\$11	\$16	I9	Appears to be 100% complete with all wiring and connectors and controls. Lots of cig burns. 25"x9"x4"
15	Depthcharge	Gremlin	Upright		Available	\$18	\$17	wrap	Looks complete with all controls, wiring and connector. Wiring by connector looks funky though, be sure to check it in pic. CPO dirty, but not too bad. CPO completely torn away at bend of CP.
16	Ikari Warriors	Tradewest	Upright		Available	\$100	\$21	B2	Appears to be 100% complete, but no connector. 4 orange, 2 white, 2 red leaf switch buttons, 2 rotary joysticks. Price based on controls.
17	Joust	Williams	Upright		Available	\$335	\$24	custom	I got this from an ex-Williams employee and he said it was new and never on a machine. I believe it. No cig burns, both joysticks nice and tight. Complete with all controls, wiring and connector. Excellent condition. The balls of both joysticks are dirty and a little nicked up. Otherwise, everything else on this is in excellent to near mint original condition. When is the last time you saw an original Joust CPO with no cig burns? 25"x9"x7"
18	Kick	Bally/Midway	Upright	1	Available	\$18	\$19	B2	Track ball interface board missing. Otherwise complete with all wiring, controls and connector.

#	Original game converted to, from or for game	Original game manufacturer	Model	CP # (if multiple)	Status	Net CP price	Net shipping cost	Box	Notes
19	Kick	Bally/Midway	Upright	2	Available	\$26	\$19	B2	Start 2 button broken off. Wiring present, but connector cut off. Track ball spins great. CP art worn. Price based on track ball and interface board, which I think can be used in Tron and others.
20	Kick	Midway	Cocktail		Available	\$18	\$15	A1	Track ball interface boards missing. Wiring complete with connectors. Player two missing yellow/orange button. Prices are for both. Separately, player 1 is \$12, player 2 is \$8.
21	Kozmik Krooz'r	Bally/Midway	Upright	1	Available	\$145	\$25	custom	Wiring looks complete, uncut with connectors. All controls are present. Interface boards present. CPO in excellent condition except for pieces torn away at the bend of the CP. Joystick nice and tight and good self-center. Spinner moves easily, but it does not spin freely. I don't know if this is normal or not. 24"x14"x8"
22	Kozmik Krooz'r	Bally/Midway	Upright	2	Available	\$95	\$20	C3	Wiring looks complete, uncut with connectors. Joystick missing. Spinner and interface board present.
23	Lethal Enforcers	Konami	Upright		Available	\$85	\$23	custom	Base of buttons missing. Happ guns look complete with connector. Price based on guns. 27"x13"x10"
24	Major Havoc converted from Tempest	Atari	Upright		Available	\$74	\$22	F6	Spinner and start buttons missing. Wiring with connector present. CPO has cig burns in upper left, but otherwise appears to be pretty nice.
25	Mayday	Hoei	Upright		Available	\$28	\$22	custom	Appears to be 100% complete with all controls, wiring, connector and interface boards. One leaf switch button is broken. CP dirty but should clean up nice. Art on CP very good except for rusting around joystick. 24"x12"x7"
26	Mini Golf	Bally/Sente	Upright		Available	\$16	\$17	H8	Just the panel would be \$3. Price based on wiring, interface boards and 4 cone buttons (although not Atari) and tee-select button.
27	Omega Race	Midway	cocktail		Available	\$17	\$13	A1	No idea why I have only one. Looks 100% complete with all controls, wiring and connector. CPO dirty, but in excellent condition.
28	Road Blasters	Atari	Upright	1	Available	\$30	\$25	H8	CPO looks dirty but very good. Backside looks 100% complete, all wiring, connector and interface board. On topside, handles are wrong, left side is 1/2 missing, and button missing. Right side is blue. They should be black. Steering self-centers.

#	Original game converted to, from or for game	Original game manufacturer	Model	CP # (if multiple)	Status	Net CP price	Net shipping cost	Box	Notes
29	Road Blasters	Atari	Upright	3	Available	\$30	\$25	H8	CPO very dirty, , but definitely not great condition. Right handle is broken and button missing. Backside looks 100%, all wiring, interface and connector. Good self-center.
30	Star Wars	Atari	Upright	4	Available	\$14	\$16	F6	Just the metal and CPO. Bottom of CPO all torn away.
31	Star Wars	Atari	Upright	5	Available	\$17	\$16	F6	Just the metal and CPO. Some of CPO torn away.
32	Street Football	Bally/Sente	Upright		Available	\$45	\$19	B2	Appears to be 100% complete with all controls, wiring, connector and interface boards. Price based on components.
33	Tron	Bally/Midway	Upright	1	Available, deal pending	\$52	\$20	H8	Spot on spinner wheel is bent and will need to be fixed (should be able to be bent back). Wiring looks complete with connector, but there is at least one loose wire and other wiring has been cut and taped back together. Underside looks complete, but the spinner interface board is loose and may have damage. Buyer beware on this one. Price based mostly on joystick and spinner. No cracks in joystick.
34	Tron	Bally/Midway	Upright	1	<b>Not for sale, deal pending</b>	\$52	\$20	H8	Spot on spinner wheel is bent and will need to be fixed (should be able to be bent back). Wiring looks complete with connector, but there is at least one loose wire and other wiring has been cut and taped back together. Underside looks complete, but the spinner interface board is loose and may have damage. Buyer beware on this one. Price based mostly on joystick and spinner. No cracks in joystick.
35	Virtua Fighter 2	Sega	Upright		Available	\$19	\$23	custom	6 red, 2 white micro switches. 2 red bat style 4-way microswitch joysticks. One button base is broken. Wiring uncut with connector. CPO ok, except a spot torn away at bend of CP. 24"x10"x9"
36	Black Widow	Atari	Upright	3	<b>Not for sale</b>	x	\$21	H8	Dirty, but 100% complete, with wiring and connector. CPO very nice. NOT FOR SALE, NEEDED FOR MY BLACK WIDOW CABINET
37	Indiana Jones And The Temple Of Doom	Atari	Upright	1	<b>Not for sale</b>	\$80	\$17	C3	Complete, all controls, wiring with connector (1 joystick bolt missing). Atari logo joystick self-centers, but not very tight. CPO very good. Extra dirt on CPO to right of joystick appears to be removable when scratching with my finger nails.

#	Original game converted to, from or for game	Original game manufacturer	Model	CP # (if multiple)	Status	Net CP price	Net shipping cost	Box	Notes
38	Marble Madness	Atari	Upright	1	Not for sale	\$44	\$17	C3	No wiring. Red track ball missing. Blue present, but housing is cracked. Track ball interface boards missing. 2 cone buttons present. CPO dirty but good.
39	Millipede	Atari	Upright	1	Not for sale	\$68	\$18	E5	Complete, all controls, wiring and connector. Track ball needs to be rebuilt. CPO good, but small piece torn away just to right of track ball. Track ball suitable for Quantum.
40	Missile Command	Atari	Upright	1	Not for sale	\$95	\$23	H8	Track ball complete with wiring. No CP wiring. Art on CP very good. Track ball needs new bearings and needs to be rebuilt. Price based on good CP art work and 5 Atari cone buttons. NOT FOR SALE AT THIS TIME.

#	Original game converted to, from or for game	Original game manufacturer	Model	CP # (if multiple)	Status	Net CP price	Net shipping cost	Box	Notes
105	Tekken	Namco	Upright		Sold	\$19	\$21	E5	4 yellow, 4 red, 2 white push microswitch buttons. 2 bat style 4 way micro switch joysticks. Wiring present, but connector cut.
106	Tempest	Atari	Upright		Sold	\$75	\$20	F6	Appears to be 100% complete with all controls, wiring, connector and interface boards. CPO very dirty. CPO on top decent, but a lot of cracking and torn away at the second (bottom) bend in the CP. One cone button is wrong color. There is a dime size nick in the CPO by the spinner.
107	Tri-Sports converted from (unknown)	Bally/Midway	Upright		Sold	\$23	\$18	C3	Wico style small track ball with a Bally/Midway interface board. 2 red, 2 blue leaf switch buttons. Price based on controls and inverface board. Wiring with connector present. Guessing it's a Centipede conversion (but don't hold me to that).
108	Tron	Bally/Midway	Upright	2	Sold	\$75	\$19	H8	Joystick has no cracks and has a good self-center. Looks 100% complete with all wiring and connector. CPO good.
109	unknown	Sega	Upright		Sold	\$0	\$17	B2	Price based on 4 way leaf switch & 2 Atari cone buttons. No wiring.
110	unknown	unknown	Upright		Sold	\$9	\$19	B2	2 red, 2 white, 4 way leaf switch joystcik. Wiring present, but connector cut off. The CPO is generic, but it was the CPO used on the Bally/Midway 6-Pack series of games, Up 'N Down, Mr. Viking, Flicky, S.W.A.T., Water Match, Bull Fight. However, this CP does not appear to be from that series of cabinets. It apears to be a size and shape of a standard Galaga or Pac-Man style cabinet.
111	unknown bootleg of Defender	unknown	Upright		Sold	\$0	\$18	H8	Some Defender clone/bootleg. Defense Command maybe? No controls, no wiring, just the metal panel.
112	Wacko	Bally/Midway	Upright	1	Sold	\$37	\$18	C3	Appears to be 100% complete with all wiring and connectors and interface boards. Both bat joysticks self-center and are tight. Track ball needs to be rebuilt. WARNING! This trackball uses custom size rollers. CPO has a number of cig burns. Also a 2"x 3/4" piece of the CPO is ripped off (see under left joystick).
